Total number of participants: 33

About the Programme:

Madhab Choudhury College marked National Librarians' Day celebrating birth anniversary of Padmashree Dr. S. R. Ranganathan, the father of librarianship in India. A "Book Exhibition" was organized by the Kameswar Das Library, Madhab Choudhury College with the theme "Pride of Independence and Inspiration of the Young Generation" aligning with Independence Day 2025 and International Youth Day 2025 .

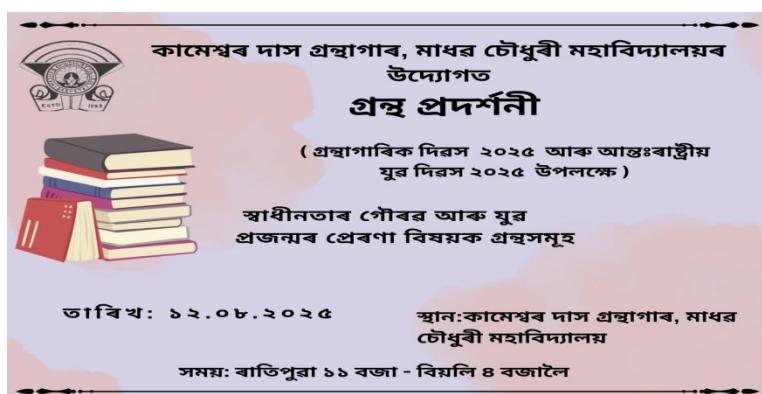

The programme began with a **floral tribute** to Dr Ranganathan's portrait, symbolising our respect for his contributions to librarianship. This was followed by the **lighting of the ceremonial lamp**, symbolising the light of knowledge and library service. Dr. Prakash Sarma, Principal of this college delivered an inspiring speech, emphasizing the evolving role of libraries in nurturing curiosity and empowering youth. Thereafter, he formally **inaugurated the Book Exhibition**.

The exhibition featured curated displays on themes of India's freedom struggle, nation-building, and youth leadership. Visitors were invited to explore and engage with the collection.

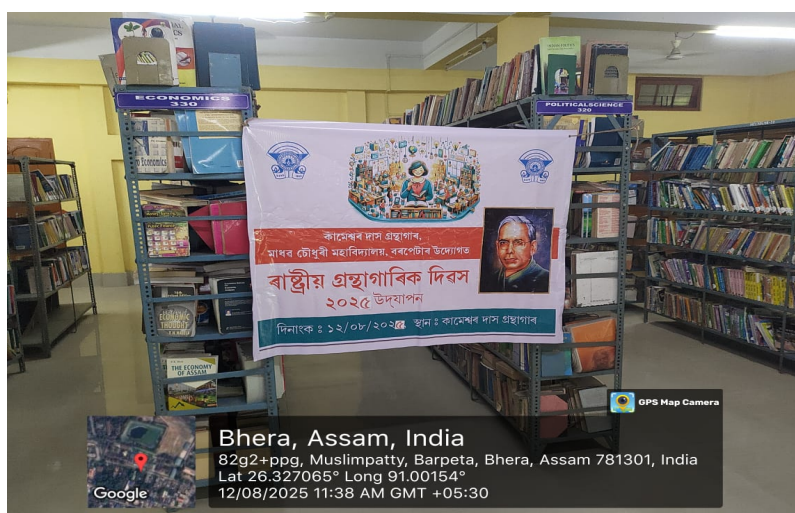

The programme was well attended by students, faculty and other staff of the college. The success of the exhibition is attributed to the tireless efforts of the library team and the enthusiastic support of all participants.
